Casanova [CSN VOR]: April NOTAM #222 issued by Washington DC [DCA]
Aerobatic area 4000' / below 1 nautical mile radius 9 nautical miles southeast of Casanova [CSN VOR] / 3VA3 avoidance AVZD 1400 - 2359 Saturday / Sunday effective from May 01st, 2004 at 10:00 AM EDT (0405011400) - October 31st, 2004 at 07:59 PM EDT (0410312359)

Every Saturday and Sunday, May through Oct there is a significant amount of parachute activity, formation flights and aerobatic flights over and in the vicinity of the Flying Circus Airport. The airport is a private field located approximately 2 miles south of the Warrenton Airport (W66). Most participating aircraft do not have radios or transponders.

Instructors - We ask that you make your students aware of this area, as a place to avoid on weekends.

Visitors – We encourage all those that wish to attend the Flying Circus Airshow to plan to land at Warrenton (W66) where we can provide ground transportation (call 540-439-8661 to arrange transportation to/from the airshow). Please do NOT land at the Flying Circus Airfield without prior permission.

Please visit our web site at www.flyingcircusairshow.com for more information.
